3D-TRAC
 DECOMPRESSOR

THIS IS A PICTURE OF
 A HUMAN SPINE

THE SPINAL CHORD
 is a long, thin bundle of
 nerves that runs from the
 brain down the spine to
 the rest of the body and
 transmits signals for the
 nervous system.

VERTEBRAE
 There are 24 individual
 bones in the spine. They
 are called vertebrae.

SPINAL DISCS
 The blue "discs"
 (which aren't really
 blue) act like cushions
 between the bones.
